*Dickinson State University has offered me a great study environment and enriched my life experience. Students' lives here are combined with good quality education and all kinds of fun activities. I am involved in the Theodore Roosevelt Honors Leadership Program which is teaching me to become a dynamic leader and also the World Voices Project which allowed me to bring my own culture into Dickinson. The Global Awareness Scholarship provided me a good opportunity to study abroad, challenge myself to handle various difficulties, and also broaden my views about the world. Studying here is an enchanting, challenging, life-enriching experience. My year at DSU is an unforgettable journey that has overwhelmed my life.*
